A team is made up of 12 – 24 archers from the same NASP School that contains at least four of each gender. Teams compete in one of three Divisions. Elementary (4 & 5<sup>th</sup>); Middle School (6-8<sup>th</sup>); or High School (9-12<sup>th</sup>)

There are three divisions in the state tournament: Elementary (4<sup>th</sup>-5<sup>th</sup>); Middle (6<sup>th</sup>- 8<sup>th</sup>); and High School (9<sup>th</sup> - 12<sup>th</sup>). Team and individual competitions occur within these three divisions.

#### What if there are not enough archers to make a team?

There are four options.

**\*\*All students must attend a school that teaches NASP\*\***

- 1) Archers can compete solely for individual honors.
- 2) Younger archers from the same school can 'shoot-up' to fill requirements of team in an older division.
- 3) Younger archers from same school system, where both schools teach NASP, can 'shoot-up' to fill requirements of team in an older division requirement
- 4) If the school contains fewer than 150 students (*combination of grades 4-12*) the team may be comprised of students from their school and/or other participating NASP schools in the same city, county, or school district based on the rules listed in the Guidelines. Eligible NASP schools (or divisions) can join together until a total of 150 NASP eligible students (combination of grades 4-12) is met.

**\*\*An archer's score may only be counted toward one team's score and individual honors\*\***

**\*\*Individual awards are based on grade level of the archer – regardless of what team they are part of\*\***

Yes. Each team must have 12-24 archers with at least four of each gender.
